Bachelor of Technology in Computer Science and Engineering
Graphic Era Hill University, Dehradun | CGPA: 8.76

CAREER OBJECTIVE

Aspiring Cloud and Software Engineer with strong skills in programming, cloud infrastructure, and database systems. Skilled in deploying scalable web applications and leveraging AWS, Linux, and DevOps tools to deliver secure, efficient solutions.

TECHNICAL SKILLS

Languages	C, C++, Java, SQL, Shell Scripting
Tools & Technologies	AWS, Docker, MongoDB, Git, Vercel, Linux, EC2
Software	Visual Studio, Eclipse, Oracle VirtualBox
Other Skills	Leadership, Team Collaboration, Communication, Critical Thinking

ACADEMIC DETAILS

Graphic Era Hill University	B.Tech CSE (2023–Present)	CGPA: 8.76
Doon Presidency School	Class 12 (2023)	Percentage: 93.4%
Doon Presidency School	Class 10 (2021)	Percentage: 90.2%

ACADEMIC PROJECTS

SQL Query Converter (Sep 2025 – Nov 2025)

Developed an AI-based system that converts natural language queries into SQL statements and relational algebra. Integrated machine learning and parsing techniques for intelligent query interpretation and optimization.

LAMP Stack and WordPress Deployment (Aug 2025 – Sep 2025)

Configured and deployed a full LAMP (Linux, Apache, MariaDB, PHP) stack on AWS EC2. Installed and secured MariaDB, PHP, and WordPress, and managed permissions in /var/www/html for live web hosting.

Shortest Route Optimization (Mar 2025 – May 2025)

Built a route optimization system using Dijkstra's algorithm in Python/C++ with adjacency lists and priority queues for efficient path computation.

Movie Recommendation System (Jan 2024 – Feb 2024)

Created a Python GUI-based recommendation system using cosine similarity and TF-IDF (Scikit-learn). Displayed real-time personalized movie suggestions using Tkinter.

Bank Management System (Dec 2023 – Jan 2024)

Developed a Java Swing-based banking system supporting account management and transactions. Integrated MySQL with JDBC for secure backend connectivity and data handling.

CERTIFICATIONS

- AWS Cloud Quest: Cloud Practitioner - Training Badge
- DSA with Java (NPTEL)
- Fundamentals of Red Hat Enterprise Linux (Coursera)
- Myntra HackerRamp: WeForShe 2025 (Participation)
- AWS Knowledge: Cloud Essentials - Training Badge
- Deloitte Australia - Cyber Job SimulationDeloitte Australia - Cyber Job Simulation (Forage)
