CAREER OBJECTIVE

Aspiring Cloud Engineer with strong skills in programming, cloud infrastructure, and database systems. Skilled in deploying scalable web applications and leveraging AWS, Linux, and DevOps tools to deliver secure, efficient solutions.

ACADEMIC DETAILS

Graphic Era Hill University — Dehradun, Uttarakhand
Bachelor of Technology in Computer Science and Engineering
2023 – Present CGPA: 8.76/10

Doon Presidency School — Dehradun, Uttarakhand
Class 12 (ICSE) 2023 Percentage: 93.4%
Class 10 (ICSE) 2021 Percentage: 90.4%

ACADEMIC PROJECTS

SQL Query Converter (Sep 2025 – Nov 2025)

Developed an AI-based system that converts natural language queries into SQL statements and relational algebra. Integrated machine learning and parsing techniques for intelligent query interpretation and optimization.

LAMP Stack and WordPress Deployment (Aug 2025 – Sep 2025)

Configured and deployed a full LAMP (Linux, Apache, MariaDB, PHP) stack on AWS EC2. Installed and secured MariaDB, PHP, and WordPress, and managed permissions in /var/www/html for live web hosting.

Shortest Route Optimization (Mar 2025 – May 2025)

Built a route optimization system using Dijkstra's algorithm in Python/C++ with adjacency lists and priority queues for efficient path computation.

TECHNICAL SKILLS

Languages: C, C++, Java, SQL, Shell Scripting

Tools & Technologies: AWS, Docker, MongoDB, Git, Vercel, Linux, EC2, VPC

Software: Visual Studio, Eclipse, Oracle VirtualBox

Other Skills: Leadership, Team Collaboration, Communication, Critical Thinking

CERTIFICATIONS

AWS Cloud Quest: Cloud Practitioner - Training Badge

DSA with Java (NPTEL)

Fundamentals of Red Hat Enterprise Linux (Coursera)

Myntra HackerRamp: WeForShe 2025 (Participation)

AWS Knowledge: Cloud Essentials - Training Badge

Deloitte Australia - Cyber Job Simulation Deloitte Australia - Cyber Job Simulation (Forage)

EXTRA-CURRICULAR ACTIVITIES

AWS Jam

Poetry

Linguculture
